Manufacturer management systems

CRISTINA S.r.l. holds the following management-system certificates issued by Kiwa Cermet Italia S.p.A. The original certificates and schedules accompany this summary.

Management system	Certificate and stated validity
ISO 9001:2015 quality management	12208 - A | 11 April 2026 to 22 April 2029
ISO 45001:2018 occupational health and safety	20136 - I | 19 December 2025 to 29 December 2028

The ISO 45001 document also states conformity to UNI EN ISO 45001:2023.

Certified scope

The certificates cover the design and manufacture of sanitary, timed and electronic taps and drainage systems for baths, showers and washbasins under the Cristina and Silfra brands. Site-specific activities are listed in the certificates. Continued certification is subject to annual surveillance and the issuer's conditions.

Contractor submissions

These are company management-system certificates. A product or market approval for CRIFT60251 requires documentation covering the exact supplied article and project requirements. Refer particular certification requests to B&M and Cristina.
