CRIRT18096P | Rota Series | PVD Brushed Gold Brass | Matching metal controls

## Manufacturer management systems

CRISTINA S.r.l. holds the following management-system certificates issued by Kiwa Cermet Italia S.p.A. The original certificates and schedules accompany this summary.

| Management system | Certificate and stated validity |
|---|---|
| ISO 9001:2015 quality management | 12208 - A \| 11 April 2026 to 22 April 2029 |
| ISO 45001:2018 occupational health and safety | 20136 - I \| 19 December 2025 to 29 December 2028 |

The ISO 45001 document also states conformity to UNI EN ISO 45001:2023.

## Certified scope

The certificates cover the design and manufacture of sanitary, timed and electronic taps and drainage systems for baths, showers and washbasins under the Cristina and Silfra brands. Site-specific activities are listed in the certificates. Continued certification is subject to annual surveillance and the issuer conditions.

## Contractor submissions

These are company management-system certificates. A product or market approval for CRIRT18096P requires documentation covering the exact supplied article and project requirements. Refer particular certification requests to B&M and Cristina. No unverified individual-product approval or award is claimed.
